

ADV LANE

Acrylic water-based paint of long duration for the line-marking of synthetic grass fields

Description

ADV LANE is a water-based paint of long duration for the line-marking of indoor and outdoor synthetic grass fields. It has superb hiding ability, quick drying and excellent weatherability (heavy showers resistance). The final look of the grass treated is matt, natural and with soft effect. ADV LANE is recommended for synthetic turfs.

Characteristics

Storage stability	12 months ⁽²⁾
Packaging	10 Kg
Tool cleaning	water

1 at 20°C and 65% R.H.

2 in original sealed containers at temperatures between +10°C and +25°C

Available Versions

COLORATA: available in RAL colors

How to use

Mix ADV LANE well before use, taking care to homogenize the colour without diluting the product. The application by line-marking cart guarantee better and uniform distribution of the product, increasing the coverage and the line delimitation. Apply only one coat of ADV LANE. After the treatment, protect the surface from rain falls or avoid to apply ADV LANE on wet or frozen surfaces. Do not apply if the weather condition are not stable.

Soccer sportive lines coverage

ADV LANE

5 players football field lines (200 m ca. - 10cm wide line)	7 players football field lines (450 m ca. - 10cm wide line)	11 players football field lines (700 m ca. - 10cm wide line)
about 7 L	about 15 L	about 25 L
