

ANTISLIP PROFESSIONAL

Concentrated, highly effective water-based no-slip solution

Description

ANTISLIP PROFESSIONAL is a concentrated, water-based, no-slip solution that does not require rinsing, it's not aggressive and does not alter the surface. It is ideal for preventing and limiting the risk of falling. It can be used on most hard surfaces (lacquered wooden floors, ceramic, stoneware, marble, resin, microcement, PVC, LVT, etc). Furthermore, thanks to its formulation it does not stain and doesn't film.

Characteristics

| | |
|-------------------------|-----------------------|
| Application | cloth / mop / sponge |
| Thinning (if necessary) | water |
| Storage stability | 1 year ⁽¹⁾ |
| Packaging | 1 L - 5 L |
| Tool cleaning | water |

1 in original sealed containers at temperatures between +10°C and +25°C

How to use

Shake the product well before use.

Clean the surface to be treated thoroughly with the specific cleaner (see VELUREX line) and let it dry, dilute ANTISLIP PROFESSIONAL and then proceed with the application.

1 L packaging: dilute 3 caps (150 ml) with 1 L of water.

5 L packaging: dilute 750 ml of product with 5 L of water (concentration 15%).

Recommended frequency: repeat the treatment as needed and at regular intervals.

90% Biodegradability

Coverage

| | |
|-----------------------|---|
| 3 caps + 1 L of water | 1 L of diluted product in the ratios indicated |
| 70 m ² /L | 500 m ² /L |

Warnings

Keep away from children. If consulting a doctor, keep the product container or label.

Label elements

· May cause an allergic skin reaction.

· Dispose your waste in dedicated collection points. Keep out of reach of children. Wash thoroughly with water after use. If medical advice is needed, have product container or label at hand. Avoid breathing dust / fume / gas / mist / vapours / spray.
