

VELUREX DEWACHS

Removes old layers of wax and cleans all types of flooring

Description

ELUREX DEWACHS is a concentrated wax-remover for floors. It removes old layers of metalized (or other) waxes from wooden floors, rubber, vinyl, linoleum, etc.

Characteristics

Application temperature	+10°C ÷ +25°C
Application	cloth
Thinning (if necessary)	warm water
Coverage	1 L /30-40 m ²
Storage stability	1 year ⁽¹⁾
Packaging	1 L - 5 L
Tool cleaning	water

1 in original sealed containers at temperatures between +10°C and +25°C

How to use

Dilute 6 caps into 1 lt of warm water. Spread over the floor and leave to work for 5 minutes. For wooden floors it is advisable to test a small area first so as to be sure that the varnish will not be damaged. For vinyl floors the colour resistance has to be tested too. If in doubt, dilute further the product and leave it to work for less time. Remove dirt with a hard brush or floor-cleaning machine. Rinse with clean water and let it dry. We advise to wear rubber gloves and to air the room, while using the product.

Warnings

Keep out of children's reach. If medical advice needed, have product container or label at hand.

Label elements
